

Which letter will you choose? Cause and Effect

Directions: Look at the following letters. You must choose and write a response to one letter. USE YOUR IMAGINATION. You are at liberty to use other resources: history text, encyclopedias, and the Tides website (*The Handbook of Texas*). Make it fun, creative, and funny!

On the TIDES site: In each section, click on the 1800s and find each letter according to the dates given. First come, first serve. Once you decide, report to me so that there is an equal amount of responses for each letter.
